EVERYONE WELCOME

NO CHARGE

## PROGRAM

### AVIATION SAFETY SEMINAR

**OPEN FORUM/QUESTION AND ANSWER SESSION:** This will be an open forum to discuss aviation safety issues ranging from VFR flying, fuel management, winter flying, and new security issues. Flight Service and Flight Standards personnel will be available to answer your questions.

**REGULATIONS:** The FSDO often encounters pilots who fail to comply with the most basic Federal Aviation Regulations. This quick review of regulations will help you better understand them, and therefore better comply with them.

**ACCIDENT AND WINGS PROGRAM REVIEW:** The Pilot Proficiency Award Program (WINGS) will be reviewed. Learn how it will benefit you as a pilot to participate in this program. The latest accidents in Nebraska will be discussed and how we can learn from other pilots' mistakes.

This program meets the safety meeting requirements of the FAA Pilot Proficiency Award (WINGS) Program. Completion of the requirements of the Wings Program as outlined in AC 61-91, will qualify you to receive a Wings lapel pin and wall certificate. Additionally, if you satisfactorily complete a phase of the Wings Program within the period specified by Section 61.56 of the FAR's, you need not accomplish a flight review.
